

"As much as I hate going to the dentist...I am so glad I went to Dr. Williams as he found some big problems...staff...all of the staff so friendly and professional. Thanks for getting me back in good oral health."

- Gloria T.

"I have been going to my childhood dentist and wasn't very happy with him them. I searched for a dentist and finally found Pinecrest. From day one they were helpful, kind and very personable with how they treated me. I would tell anyone (and I do) to come here and see them."

No matter how hard you try, it's nearly impossible to clean inside the deep pits and fissures of your back teeth.

These grooves are too narrow for even a single toothbrush bristle to access. That means one thing: high risk of decay.

Dr. Williams' Family Visits San Francisco!

In June, my family experienced a great vacation visiting extended family in San Francisco. It was our first time taking our youngest, Nora (1-year old) on an airplane, and she did great (except when she missed her nap due to a delayed flight home).

We were able to visit the home of my wife's Aunt overlooking the North side of the bay—an amazing view! Our kids loved exploring in their huge hillside backyard and hitting balls into their golf net.

Other highlights of our trip included sightseeing in much of the Bay Area, including eating fresh fish in Tiburon, taking a trolley to China Town, Muir Woods National Forest, visiting Fisherman's Wharf to see the sea lions in action, and eating dessert at Ghirardelli Square.

Megan's family was kind enough to show us around so we didn't get lost and tell us where all the best views are. The weather was perfect!

We were also able to visit Google headquarters, now I know where the answers from all those questions I ask my smartphone come from. It's an amazing sight and they have colorful bikes and signs all around campus and a big Android statue. Next time I'd like to get to an Oakland A's baseball game or a 49ers stadium tour. There's so much to see, if you haven't been, you should, you'll love it as much as we did!

Happy August,
Tyler Williams, DDS

Employee of the Month...

Campbell

Campbell is our wonderful Scheduling Coordinator but there is so much more to her than that! This summer she has enjoyed a vacation to Yellowstone National Park with her family and friends.

While she was in Yellowstone she saw 8 bears (3 of them were babies!), wolves and wolf pups, two foxes, one coyote, elk, deer, and millions of buffalo.

Campbell's Top 5 places to go in Yellowstone are:

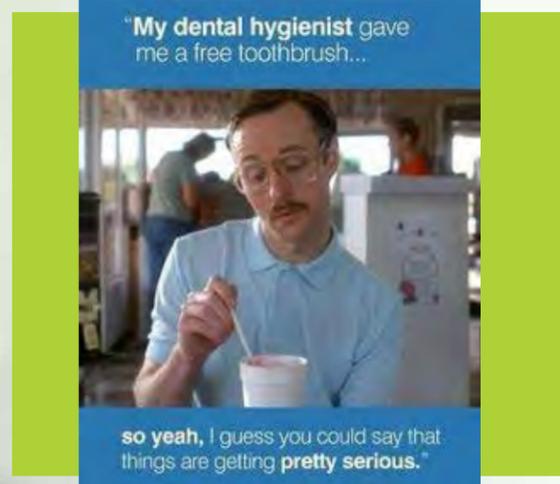

1. Slough Creek because that is the best place to see wolves and bears.
2. Old Faithful and the Morning Glory hiking trail (an Old Faithful tradition for her family is watching Old Faithful go off while sitting on the roof of the Old Faithful Hotel while eating ice cream!).
3. Lamar Valley, another place where she saw bears and wolves.
4. Yellowstone's Grand Canyon Uncle Tom's trail.
5. Yellowstone Lake.

If you ever get the chance to go to Yellowstone, try one of these top 5 places!

Quote of the Month!

"If you break your neck, if you have nothing to eat, if your house is on fire, then you got a problem. Everything else is inconvenience."

-Robert Fulghum
